Overcoming Alcohol Dependence

**End Addiction. Optimize Life.
Guaranteed.™**

A Plan for Success

ACCELERATED RECOVERY CENTERS

WAS THE FIRST COMPANY IN THE NATION TO IMPLEMENT THE **COMBINED RECOVERY PROTOCOL™** WHICH COMBINES PHARMACOLOGY, MEDICAL MANAGEMENT, FOCUSED THERAPY AND WELLNESS MANAGEMENT TO ENSURE YOUR SUCCESS. **CONFIRMED TO BE THE MOST EFFECTIVE TYPE OF TREATMENT FOR ALCOHOL DEPENDENCE BY ONE OF THE LARGEST STUDIES EVER CONDUCTED BY THE NATIONAL INSTITUTE ON ALCOHOL ABUSE AND ALCOHOLISM, ACCELERATED'S COMBINED RECOVERY PROTOCOL™ ENABLES RESULTS NOT ACHIEVABLE FROM TRADITIONAL INSTITUTIONAL RECOVERY PROGRAMS.**

With Accelerated you are up to eight times more likely to succeed than with traditional programs. If you are addicted to alcohol, we'll give you your life back. **Guaranteed*.**

OUTPATIENT

The program is designed to minimize time away from family and career while maximizing success. Aside from a long weekend for Withdrawal Management, treatment can take priority while accommodating your needs.

PHARMACOLOGY-THERAPY

We use pharmacology to eliminate cravings and urges for alcohol along with comprehensive therapy protocols to ensure long-term success.

CONTINUITY OF CARE

Our focus continues for up to a full year providing medical, therapeutic and wellness support through predictable relapse periods. Accelerated's program

is one our clients look forward to. We continue to interactively develop a customized holistic plan to optimize life.

ALCOHOL ONLY

Unlike other programs that combine multiple addictions and other maladaptive behaviors together for treatment, we enable you to seek help sooner knowing you will be in an environment where you can most relate to your peers.

INVITING SETTING

We have carefully created a confidential, respectful, comfortable, discreet, non-institutional, convenient setting that makes it easier for you to take the first step of committing to treatment.

COGNITIVE BEHAVIORAL

Our therapists use a cognitive behavioral approach that reveals the impediments to becoming abstinent and breaks them down, picturing the end result of success rather than failure.

RECOVERED WITH A "D"

Recovery does not need to be a perpetual process. At the conclusion of treatment, with focused medical, therapeutic and nutritional management, you will

be recovered. Having put addiction behind you, you will move on to live a happy, productive and optimized life.

REFERRAL RELATIONSHIPS

We are completely committed to helping you successfully stop drinking. Accelerated will do everything possible to support that goal. If it is determined that you are not a good candidate for our program, we will gladly recommend and facilitate your transfer to one of our referral partners.
